### Call for IBD Nurse Education Programme 2020 Destinations

The primary goal of the IBD Nurse Education Programme organised by the ECCO [Nurse](#) and [Education](#) Committees is to increase the knowledge and competence of the participants and to empower IBD nurses throughout Europe.

The programme consists of three core pillars:

- Two 1-2 day face-to-face meetings
- Distance learning using literature and e-Learning materials
- One week visit to an established IBD nursing centre in your country

Please find further information, including the programme content [online](#).

Additionally, each participant will have two mentors to guide them through the programme and assist with any language concerns. One will be an established IBD Nurse either from the host country or another ECCO Member Country. The second will be a clinician in the nurse's own hospital. If support is required in acquiring mentors, ECCO will do their best to help.

The ECCO IBD Nurse Education Programme is specifically targeted at all ECCO Member Countries.

**N-ECCO or ECCO National Representatives** who see this programme as an opportunity to foster IBD Nursing in their country **are invited to apply for the 2020 ECCO IBD Nurse Education Programme.**
