

Dear ECCO Members,

I truly hope that you and your loved ones are faring well and that you enjoyed well-deserved rest during the summer.

I also hope that you all enjoyed the exciting scientific and educational programmes at ECCO'21 Congress in July. All of the presentations of both programmes are available on demand on the virtual congress platform until October 31, 2021. This was the first time that ECCO held its Congress virtually – the preparations kept everyone at ECCO very occupied with the organisation having been just as tough and demanding as for a physical congress. By no means did this signify that the production of our e-Learning material had been hampered – on the contrary, we have prepared plenty of new material for you to check out, and made significant improvements to the [IBD Curriculum](#)!

To make it easier to navigate and learn from, the [IBD Curriculum](#) now directly links to material in the e-library. This provides a more wholesome and hands-on overview for those seeking to develop their expertise in IBD!

I proudly present the latest additions to the vast collection of [ECCO's e-Learning platform](#). Check out these new and excellent [Skills Videos](#)!

- [Key quality performance indicators for surveillance in IBD](#) – Marietta Iacucci (EduCom)
- [Perianal ultrasound](#) – Giovanni Maconi (ECCO Member)
- [Updates in global epidemiology in IBD](#) – Paulo Kotze (EduCom) & Johan Burisch (Y-ECCO Chair)

Tune in to listen to the latest excellent [Educational Audio Podcasts](#) recorded by ECCO Officers:

- [Elderly patients with IBD](#) - Christian Maaser (EduCom)
- [Strictures in CD](#) - Naila Arebi (EpiCom)
- [How to approach fibrosis in CD](#) - Florian Rieder (ECCO Member)
- [Mimics of paediatric IBD](#) - Marina Aloï (P-ECCO)

The pandemic has made traveling exceedingly difficult, thus prompting ECCO to utilise online conference services to record the classic [ECCO Talking Heads](#) videos – check out the latest ones below!

- [Scientific highlights of ECCO'21](#) – Laurent Peyrin-Biroulet (ECCO President) & Silvio Danese (ECCO Past President)
- [Targeting histology in UC](#) - Fernando Magro (Education Officer) & Roger Feakins (ECCO Member)
- [Covid-19 vaccination and IBD](#) - Torsten Kucharzik (GuiCom), Henit Yanai (EduCom), Francis A. Farraye (ECCO Member)
- [CD of the pouch](#) - Christianne Buskens (S-ECCO) & Omar Faiz (S-ECCO)
- [4<sup>th</sup> Edition of top strategy trials](#) - Shaji Sebastian (ClinCom) & Mark Samaan (Y-ECCO)

Keep a look-out for more e-Learning material coming your way in the near future!

Warmest regards.

Yours truly,  
Pascal Juillerat
