Letter of Invitation

Dear Industry partner,

ECCO would like to invite you to partner up for the 2025 Y-ECCO Mentorship Forum!

The Y-ECCO Mentorship Forum is a stand-alone event aimed at transferring knowledge from senior professionals to juniors by sharing hands-on experience. This forum is about questioning, challenging, guiding and encouraging young doctors to develop skills and take steps to become the professionals they want to be. In addition, this event should enable the participants to network with their peers and ten Key Opinion Leaders (KOLs) for potential future scientific collaboration. Following the success of the 2nd Y-ECCO Mentorship Forum in 2023, Y-ECCO aims to organise the third edition in June 27-28, 2025. Do not miss the opportunity to meet the young doctors of Y-ECCO.

The programme is created around career advice and clinical trials, with the intention to be as educational and interactive as possible, to allow participants to take active part in the discussions.

The Young ECCO Committee (Y-ECCO) invites you to partner up for this full day forum in Vienna. The goal is to further strengthen the bonds between approximately 20 invited young doctors in the Inflammatory Bowel Disease (IBD) field and help them in their professional and personal development. In this forum KOLs will provide guidance and support to young doctors (or still in training) who wish to enhance their career in IBD.

If you need any further information do not hesitate to contact the ECCO Office (ecco@ecco-ibd.eu).

Thank you very much for your support!

Yours sincerely,

Bram Verstockt, Y-ECCO Chair
