Letter of invitation

Dear Industry partner,

ECCO would like to invite you to take part in the 2026 ECCO Educational Workshops!

The primary goal of the ECCO Educational Workshops organised by the ECCO Education Committee is to harmonise IBD practices within ECCO Country Members by presenting the practical application of the ECCO Guidelines on Crohn's Disease and Ulcerative Colitis by using the ECCO e-Guide.

The new format of the Educational Workshops aims to provide a stronger focus on the ECCO e-Guide algorithms, allow for more flexibility in terms of content while ensuring quality and message control, better integrate the multidisciplinary team and cater to a wider target group, and ensure interactivity.

ECCO EduCom invites you to participate in three to four workshops within Europe and one to two workshops outside of Europe. These educational activities are aimed at individuals who are interested in IBD and are an ideal opportunity to network and receive an update on the latest ECCO Guidelines by top gastroenterologists in Europe!

In addition to this informative letter please find more information on our website about the programmes of our current and upcoming workshops www.ecco-ibd.eu. If you need any further information don't hesitate to contact the ECCO Office (ecco@ecco-ibd.eu).

Thank you very much for your support!

Yours sincerely,

Manuel Barreiro-de Acosta Incoming ECCO Education Committee Chair (as of Feb. 2026)
Sophie Restellini ECCO Education Committee Member

Why sponsor an ECCO Educational Workshop?

International recognition

So far, ECCO has organised 73 Educational Workshops in locations across the globe. Each has attracted a very large number of attendees with expertise in Inflammatory Bowel Diseases. Although most are located in Europe, at least one Workshop per year is located in a different part of the world.

Meet the local purchasing decision makers

Reach an audience of local IBD physicians, clinicians, scientists, surgeons, paediatricians and IBD Nurses.
